- **SET UP:** As per map, plus each player alternates placing 1 Tree tile and 2 Antitank traps. 25 pumpkins are placed on the table within Range 1 or more of another pumpkin.
- **DEPLOYMENT:** Players enter from assigned play area edges (Red, Blue, Green, and Yellow corner edges).
- **OBJECTIVES:** Harvest the pumpkins!
- **VICTORY CONDITIONS:** Harvest more pumpkins than your opponents by bringing them back to your deployment zone.
- **WEATHER:** Low risk. Moderate.
- **SPECIAL RULES:**
 - **Harvest:** VK-enriched pumpkins are amazing, they follow you as soon as you enter their square and they exit the table as soon as the unit carrying them enters its deployment zone.
